

Statement of Need

Oncology is a continuously evolving area of medicine and new developments provide tools for the physicians, scientists and health care professionals to help in the diagnosis and treatment of cancer. Continuing education is essential to study and evaluate new findings, to inform practitioners of new clinical applications and to improve patient care.

Accreditation

"The Wayne State University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The Wayne State University School of Medicine designates this live activity for a maximum of 6.5 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity."

Target Audience

This program is geared towards physicians, fellows, residents, pathologists, physician assistants and nurse practitioners in the field of hematology/oncology.

Educational Objectives

Upon completion of this program, the participant will:

1. Understand diagnostic and therapeutic strategies used in the multimodality treatment of patients with breast cancer.
2. Understand the use of new agents, both cytotoxic and biologic, and their uses in breast cancer.
3. Understand the latest research findings in all areas of breast cancer and how the updated research could impact future decision making in the diagnosis and treatment of these cancers.
