

**DEARBORN INN**  
20301 Oakwood Blvd.  
Dearborn, MI 48124  
313-271-2700

The Dearborn Inn is offering a special rate of \$125.00 per night to conference participants. To reserve a room, contact the hotel directly at 313-271-2700 and identify yourself as attending the MSHO Meeting. In order to receive this reduced rate, reservations must be made no later than **January 4, 2019**.

### TARGET AUDIENCE

This program is directed toward hematologists, medical oncologists, pathologists with both clinical and non-clinical responsibilities in community, hospital, and academic settings, and hematology/oncology fellows, advanced practice providers, pharmacists, oncology nurses, and others delivering care to cancer patients.

### ACCREDITATION/CREDIT DESIGNATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The University of Texas MD Anderson Cancer Center and the Michigan Society of Hematology and Oncology. The University of Texas MD Anderson Cancer Center is accredited by the ACCME to provide continuing medical education for physicians.

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of **6.75 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

THE UNIVERSITY OF TEXAS  
**MD Anderson Cancer Center**

### STATEMENT OF NEED

Hematology is a continuously evolving area of medicine and new developments provide tools for the physicians, scientists and health care professionals to help diagnose and treat cancer. Continuing education is essential to study and evaluate new findings, to inform practitioners of new clinical applications, and to improve patient care.

### EDUCATIONAL OBJECTIVES

After participating in the activity, the participant should be able to:

- 1 Apply advances and scientific and translational research in the care of their patients.
- 2 Utilize emerging therapies to provide optimal treatment to patients.
- 3 Implement new practices or review existing ones to improve the quality of care delivered.
