The purpose of this event is to educate the healthcare community on Sickle Cell Disease. Global Blood Therapeutics is committed to complying with all applicable federal and state laws, regulations, ordinances, and industry guidance such as the PhRMA Code on Interactions with Healthcare Professionals, as well as state and federal transparency reporting laws (e.g., the Sunshine Act). Institutions, state laws, and federal entities may restrict your ability to receive meals or other in-kind benefits. You are responsible for complying with any restrictions or limitations related to such requirements. In-kind benefits such as meals may be reportable under federal and state laws, local ordinances, and institutional requirements.
