**M | COMPREHENSIVE CANCER CENTER**

**Symposium Target Audience:** This course is open to primary care physicians, general practitioners, internists, medical oncologists, surgeons, radiation oncologists, radiologists, nurse practitioners, and other healthcare professionals involved in the diagnosis and care of patients with breast cancer.

**Symposium Objectives:** The objective of the Contemporary Issues in Multidisciplinary Breast Cancer Management Symposium is to increase participants' knowledge regarding new techniques in several aspects of breast cancer management. At the conclusion of this symposium, participants will be able to implement the multidisciplinary care of breast cancer patients, understand new management plans for the treatment of axillary lymph node metastasis and implement new state of the art approaches to breast reconstruction.

**Accreditation:** The University of Michigan Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The University of Michigan Medical School designates this live activity for a maximum of 6 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
