**PLEASE JOIN US FOR A DISCUSSION**

**Metastatic Castration-Resistant Prostate Cancer: A Case-Based Presentation**

**Wednesday, September 13, 2023 06:30 PM ET**

**PRESENTED BY**

Pedro Barata, MD  
*Director, Clinical Genitourinary Medical Oncology Research Program*  
University Hospitals  
Cleveland, Ohio

**PROGRAM OBJECTIVES**

Discuss treatment strategies for mCRPC utilizing two real-life patient cases.

- Patient with an initially localized tumor rapidly progressing to mCSPC that progresses to mCRPC
- Patient with mCSPC that progresses to mCRPC

Learn about the indication, safety profile and important safety information for one treatment option for patients diagnosed with mCRPC.

Several state laws set limits on or prohibit the provision of meals to healthcare professionals. If you have an active state license in certain states (e.g., Minnesota, New Jersey, or Vermont) and you accept this invitation and choose to attend this program, you must notify the host if you will not be able to accept the meal provided and document this on the Sign In Sheet (“Opt Out or Will Not Consume”). State limits/restrictions are on the Sign In Sheet. Per Sanofi policy and the PhRMA Code, appropriate attendees for speaker programs are, in sum, healthcare professionals for whom the content presented is relevant to their function and attendees who have a bona fide educational need for the information; guests and spouses are not permitted to attend. The content contained in this presentation is not eligible for continuing medical education (CME) credits.
