**To register for one of our programs, please scan the appropriate QR code above or notify your Jazz Oncology Representative, and they can register for you. Please note that each program contains its own unique registration QR code.**

#### Overview:

Jazz is supporting Oncology Nursing Month by hosting an educational program on SCLC. Please join us for a discussion hosted by one of our expert speakers.

#### Program Objectives:

- Understand the aggressive nature of SCLC and disease characteristics
- Review SCLC diagnosis, staging, and treatment, with an emphasis on the role of imaging for detecting progression and informing treatment decisions
- Gain insights on treatment considerations and management strategies

**We hope you and your team will join us for this virtual educational series to learn more about SCLC and engage with our speakers and nursing colleagues around the country.**
