

A Newly Approved Treatment in Previously Treated Advanced Melanoma

- Two Educational Events
- Virtual Webinar: May 16, 2024
 - ASCO Forum: May 31, 2024

lovance is providing two peer-driven learning events to share the latest information on our newly approved treatment for previously treated advanced melanoma patients. We invite you to attend either, or both events.

This presentation and discussion will cover the following important topics:

- Clinical efficacy and safety profile of lovance’s newly approved cell therapy
- How Authorized Treatment Centers are driving operational efficiency and effectiveness
- Appropriate patient selection and how to work with Authorized Treatment Centers

Presented by:

Daniel Olson, MD
 Assistant Professor of Medicine,
 University of Chicago
 Co-program leader for melanoma
 and solid tumor cell therapy
 programs.
