

Join us and learn about opportunities to advance cancer care in West Michigan

Cancer care is a passion that's fueled by your curiosity. Whether clinical, research, teaching or leading, Corewell Health in West Michigan (formerly Spectrum Health) has opportunities for you to be at the forefront of your field.

We're on an accelerated journey to becoming a nationally recognized cancer program with a multi-year strategic approach to advancing care.

As a Fellow, you and a guest are invited to join our program leadership for dinner, networking and to learn more about our:

- History and depth of our expertise and specialties
- Cutting edge treatments and therapies
- Expansion of our clinical trials and research programs
- Outreach, partnerships and philanthropic support
- Clinical opportunities to join our team including medical, surgical, research and academic appointments
- Provider life at Corewell Health and in West Michigan
