To register for one of our programs, please scan the appropriate QR code above or notify your Jazz Oncology Representative, and they can register for you. Please note that each program contains its own unique registration QR code.

#### Overview:

Jazz is supporting National Pharmacy Week by acknowledging the invaluable contributions pharmacists make to patients' care by hosting an educational program on SCLC. Please join us for a discussion hosted by one of our expert speakers.

#### Program Objectives:

- Understand the aggressive nature of SCLC and disease characteristics
- Review SCLC diagnosis, staging, and treatment, with an emphasis on the role of imaging for detecting progression and informing treatment decisions
- Gain insights on treatment considerations and management strategies

We hope you and your team will join us for this virtual educational series to learn more about SCLC and engage with our speakers and pharmacist colleagues around the country.

Please note that there are no certified continuing medical education credits approved for this program. Jazz Pharmaceuticals is committed to the principles of the Pharmaceutical Research and Manufacturers of America (PhRMA) Code on Interactions with Healthcare Professionals. As such, spouses or guests are not permitted to attend the program or events, and their associated expenses will not be covered or reimbursed. Due to state regulations, physicians and healthcare professionals licensed in Minnesota and Vermont are not able to receive a meal with the program. We appreciate your cooperation in this regard. Please note that meals may be reportable based on various state and federal laws.
